

Town of Vermont Conditional Use Permit (CUP) Process and Procedures

June 2019

<https://www.vermonttownship.com/land-use/conditional-use>

I. Overview The issuance of a conditional use permit is governed by both State Statute and County Ordinance. Reference documents may be found under the Section VIII

CUPs fall under Dane County Zoning (<https://plandev.countyofdane.com/zoning/cup.aspx>) The Town of Vermont (ToV) Planning Commission and the ToV Board evaluates a CUP application using the eight criteria listed below. The determination of the ToV Planning Commission and ToV Town Board are then provided to Dane County. In most cases, Dane County follows the recommendations of the Town.

II. The Application Process

The process begins with a Dane County CUP Application submission.

CUP Application https://plandev.countyofdane.com/zoning/pdf/CUP_Application.pdf

As part of the application process applicants must reasonably prove to both the Town of Vermont and Dane County that they meet the eight (8) specified criteria, listed below.

Criteria 1 The establishment, maintenance or operation of the conditional use will not be detrimental to or endanger the public health, safety, comfort or general welfare.

Application guideline: Explain how the proposed land use will fit into the neighborhood. If there is going to be lighting, noise, outdoor storage, traffic, or other outside activities, explain how the activities will be limited to a reasonable level.

Criteria 2 The uses, values and enjoyment of other property in the neighborhood for purposes already permitted shall be in no foreseeable manner substantially impaired or diminished by establishment, maintenance or operation of the conditional use.

Application guideline: Explain how the proposed land use will fit into the neighborhood and what will be done to avoid potential nuisances, such as limiting the hours of operation, noise control measures, paving the parking area, or the screening of outdoor storage.

Criteria 3 That the establishment of the conditional use will not impede the normal and orderly development and improvement of the surrounding property for uses permitted in the district.

Application guideline: Explain how the proposed land use will not interfere with the development of the surrounding property. It's possible that there may already be limitations on development on the surrounding properties such as being deed restricted to just agriculture.

Criteria 4 . That adequate utilities, access roads, drainage and other necessary site improvements have been or are being made.

Application guideline: Explain what impact the proposed use has on such things as water, septic, storm water, electricity, and traffic. Provide information on improvements that may be needed or if additional buildings are needed.

Criteria 5 Adequate measures have been or will be taken to provide ingress and egress so designed as to minimize traffic congestion in the public streets.

Application guideline: Provide information on vehicle traffic that the proposed use will generate. Include frequency and types of vehicles.

Criteria 6 That the conditional use shall conform to all applicable regulations of the district in which it is located.

Application guideline: Review the ToV Comprehensive Land Use Plan to ensure your project is compliant and in line with land use guidelines.

Criteria 7 That the conditional use is consistent with the adopted town and county comprehensive plans.

Application guideline: Review the ToV Comprehensive Land Use Plan to ensure your project is compliant and in line with land use guidelines.

Criteria 8 If the conditional use is located in a Farmland Preservation Zoning district, the town and zoning committee must also address the findings described in s.10.220(1).

Application guideline: Review the Dane County s.10.220(1) for requirements:

Conditional Use Standards in Farmland Preservation Districts. In addition to the requirements of s. 10.101(7)(d), the zoning committee must find that the following standards are met before approving any conditional use permit in any Farmland Preservation zoning district.

1. The use and its location in the Farmland Preservation Zoning District are consistent with the purposes of the district.
2. The use and its location in the Farmland Preservation Zoning district are reasonable and appropriate, considering alternative locations, or are specifically approved under state or federal law.
3. The use is reasonably designed to minimize the conversion of land, at and around the site of the use, from agricultural use or open space use.
4. The use does not substantially impair or limit the current or future agricultural use of surrounding parcels of land that are zoned for or legally restricted to agricultural use.
5. Construction damage to land remaining in agricultural use is minimized and repaired, to the extent feasible.

Submit CUP applications to Dane County Zoning Division as well as a copy to ToV:

III. Dane County / ToV CUP Process Flow

Timeline

Per Dane County CUP guidelines, the Dane County Town governments have 60 days from the date of the Dane County public hearing to act, with the ability to request a 40-day extension.

IV. Notifications

1. Dane County Zoning is responsible for notifying property owners of the proposed CUP that are located within 300 feet of the proposed CUP activities.
2. Notifications of ToV CUP applications under review at the ToV Planning Commission and Town Board will follow the Statutory posting requirements of a Wisconsin Class 2 notification. Agendas are posted 17 days prior to ToV Planning Commission and ToV Board meetings as per Class 2 guidelines.

V. Testimony, Input Submissions and Meeting Guidelines

While Dane County is statutorily responsible for conducting the formal Public Testimony Hearing as part of the CUP application process, the Town of Vermont may host a joint Board and Planning Commission public hearing session. Individuals will have the opportunity to sign up to provide verbal input or testimony 30 minutes prior to the meeting. Testimony and input will be limited to up to five minutes depending upon the number of people that sign up at the beginning of the scheduled meeting. This will be the only time for public testimony. Testimony and input will be recorded and become part of the public record.

Any additional testimony may be addressed to the ToV Planning Commission in writing to CUP@townofvermont.com or in a letter addressed to the Vermont Town Hall, and must be received by the day of the meeting.

Note: All submissions, phone conversations, and email correspondence will become part of the public record and may be posted on the ToV public website. Phone conversations to any ToV officials may be recorded and electronically transcribed to a written document and may also be posted to the ToV public website

VI. Substantial Evidence is outlined in 2017 Wisconsin Act 67

59.69 (5e) CONDITIONAL USE PERMITS.

(a) In this subsection:

- II. "Conditional use" means a use allowed under a conditional use permit, special exception, or other special zoning permission issued by a county, but does not include a variance.
- III. "Substantial evidence" means facts and information, other than merely personal preferences or speculation, directly pertaining to the requirements and conditions an applicant must meet to obtain a conditional use permit and that reasonable persons would accept in support of a conclusion.

(b) 1. If an applicant for a conditional use permit meets or agrees to meet all of the requirements and conditions specified in the county ordinance or those imposed by the county zoning board, the county shall grant the conditional use permit. Any condition imposed must be related to the purpose of the ordinance and be based on substantial evidence.

2. The requirements and conditions described under subd. 1. must be reasonable and, to the extent practicable, measurable and may include conditions such as the permit's duration, limits on hours, noise, screening, etc. The applicant must demonstrate that the application and all requirements and conditions established by the county relating to the conditional use are or shall be satisfied, both of which must be supported by substantial evidence. The county's decision to approve or deny the permit must be supported by substantial evidence

(c) Upon receipt of a conditional use permit application, and following publication in the county of a class 2 notice under ch. 985, the county shall hold a public hearing on the application.

(d) Once granted, a conditional use permit shall remain in effect as long as the conditions upon which the permit was issued are followed, but the county may impose conditions such as the permit's duration, transfer, or renewal, in addition to any other conditions specified in the zoning ordinance or by the county zoning board.

(e) If a county denies a person's conditional use permit application, the person may appeal the decision to the circuit court under the procedures contained in s. 59.694 (10).
